Hi Karl,

I'm getting push back on the dates Julie gave me for your availability.

Are we flexible in any way?

Thanks.

I want to follow up on this. In addition to Congressman Shimkus, Congressman Rodney Davis is also interested in visiting this site and being briefed. The dates you have given me are six weeks from now. There are really no dates available to visit this location for six weeks?

Yes, August timeframe works better and we can definitely do an update via conference call before then.

Open dates for the site visit: August 20, 21, 22, 23, 28 or 29.

Please let me know what dates/times are open for Congressman Shimkus for a conference call.

Thanks.

It's not that he's not open to different dates – it's really a matter of when he's not in Washington, D.C. in session. If these don't work we will have to look at August recess. If we do that, then I think he will at least want an update via conference call before that date.

Hi Deb,

Is the Congressman open to any other dates besides the two listed below?

Please advise.

Thanks.

Hi again - I am adding LaTonya Sanders from Region 7 who can check dates and coordinate a visit. Thanks!

Chris - hope to see you soon.

Laura

Laura,

I'm looking at one of two dates for the visit. Option one would be July 16 and option two would be July 30. Both would be in the a.m. I am not sure how long we would need to be briefed on the situation and look at the area but he would be available in the 9:00 – 10:30 a.m. time frame.

Deb Detmers
District Director
Office of Congressman Shimkus

Subject: Shimkus Site Visit - West Lake Landfill, MO

Hey Laura - Chairman Shimkus wants to do a site visit of the West Lake Landfill in MO which we understand is a superfund site EPA has been involved in trying to settle out clean-up and monitoring for some time. It just happens to be next to a landfill that has been on fire for 3 years making it an extra exciting place to go.

I wanted to give you the head's up but also get some assistance in setting up the site visit since it is region 7 and we are used to region 5 if anything. Deb Detmers is on the email who runs Shimkus's IL operations. If we can get her in touch with the right person to set up a time and to ensure the correct EPA people are available that would be great. Thanks – Chris

Chris Sarley
Policy Director
Office of Congressman John Shimkus (IL-15)
